

## Data sharing agreement

<https://app.standardstracker.co.uk>

**You** will provide us with these pieces of information

- Users' names
- Their email addresses
- Your organisation name and business address
- If provided, current pay-point, gender and subject taught.
- Details of linkages between colleagues
- Details of users who will have higher level access

In using the application, you will create or upload

- Descriptions of users' current and historical performance,
- Forms filled in by a user or authorised others
- Documents a user or authorised others may have uploaded.

And **we** will use this solely

- To carry out our obligations arising from any contracts entered into between your organisation and us.
- To ensure that content from Standards Tracker is delivered in the most appropriate manner for your organisation.
- To issue messages pursuant to the effective use of Standards Tracker and/or professional development. These will be delivered via email and / or 'in-application' messages.

**3 minute read**

- We may use anonymised, aggregated details of performance data for benchmarking purposes. Neither user names nor any personal identifiers are associated with any benchmarking data.
- Information will not be used for any purposes than those noted here.

The full set of policies and business terms are available at

<https://standardstracker.co.uk/documents> and on the GDPR page in Standards Tracker.
